

# Green Remodeling Committee presents: LED Lighting

**Tuesday, October 6, 2009  
Noon to 1pm**

## **Recycle Ann Arbor**

2420 Industrial Hwy, Ann Arbor, MI (734) 662-6288

Please join us as we continue an earlier conversation about energy efficient lighting with a more in depth investigation into the emerging lighting technology of solid state lighting.

Our speaker will be Bridget Ford of IO Lighting. Bridget will discuss the history of LED, present market applications for LED, and forecast the future of LED.

Seating is limited. Please register by contacting [staff@NARIsemich.org](mailto:staff@NARIsemich.org).

NARI members: no charge  
Non-NARI members: \$10

Special thanks to Resource Lighting and IO lighting for providing lunch!

Parking: Due to limited parking at Recycle Ann Arbor, please use the parking lot at Beuhler Young (the business immediately south of Recycle Ann Arbor on South Industrial) and walk to Recycle Ann Arbor.

AIA continuing education credit of 1 LU is available.
