

# Lighthouses Along the Rivers of Steel

Presentation Description:

## REFLECTIONS OF MICHIGAN'S TRAIN DEPOTS

Take an engaging look at one of America's most recognizable and endearing building types, the train depot. For most cities the depot was the center of commerce, information and transportation. Created across America by the railroad companies, this first corporate building type oftentimes became the landmark identity of the community it served.

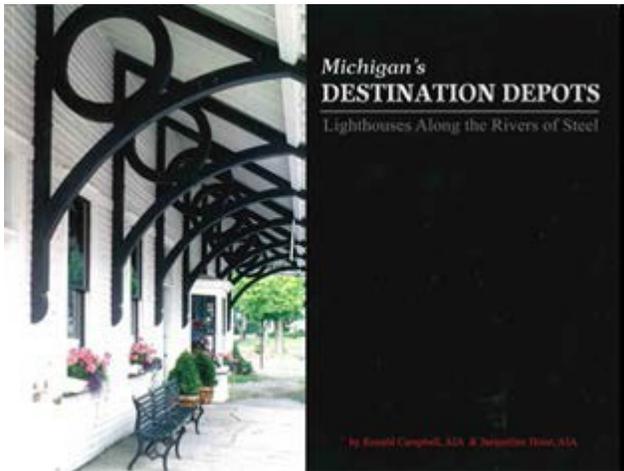

Travel through time from the earliest utilitarian depots of the 1850's to the grand terminals at the peak of passenger service with preservation architects/planners Ron Campbell and Jackie Hoist. Recall the memories and explore the future legacy of these 'lighthouses' along the rivers of steel.

Special attention is given to the local depot (s)/resources whenever possible. Out of State presentations and special needs presentations on preserving your depot are available.

### Presentation Details:

<b>Speaker's name:</b>	Ron Campbell, AIA and Jackie Hoist, AIA
<b>Speaker's business phone number:</b>	Ron: 248-858-5436 (office) 248-996-0747 (Cell) Jackie: 810-287-6890 (Office) 810-412-5640 (cell)
<b>Speaker's business email address:</b>	Ron: <a href="mailto:campbellr@oakgov.com">campbellr@oakgov.com</a> Jackie: <a href="mailto:jackie@H2Aarchitects.net">jackie@H2Aarchitects.net</a>

ADDITIONAL INFORMATION:

We have a book by the same title which has been published and we make this available for sale and autograph after the presentation. This is the same book which we have donated for the MAF Auction at the Mid-Summer Conference. We would want to continual that practice of making it available and trust that you would agree to this request.
