1

September 2020

Please accept my application and resume, applying for an intern position with your firm. As a leader in the industry, it would be my honor and privilege to work for a firm of your caliber. As you read through my resume, you will find me an older and experienced individual, in search of full time intern architectural employment. I am currently finishing my ARE licensing exams, and eager to further my career with you in Grand Rapids.

Being a dynamic and ambitious individual with ten years of experience in design and working drawings on luxury homes, commercial and medical buildings, and Monasteries, I believe I can serve your firm's short and long term goals. I am flexible and amiable to adjust my time as needed for different projects. I am willing and able to work long hours to meet a deadline if need be.

I look forward to the opportunity of an interview, and discussing my application with you. You can reach me on my cell phone any time at 616-469-4608 or through email at petersmitharch@gmail.com.

Best Regards,

Peter F. Smith
Associate Architect, AIA
