

EDGEWATER DESIGN GROUP

ARCHITECTURE ▪ ENGINEERING

Northern Michigan architecture & engineering firm is seeking an experienced full time architect to join our expanding team. We specialize in the design of custom homes & commercial facilities in northern MI and throughout the US. We offer a broad range of architectural styles which fit the needs of our clients. We are seeking an architect with a strong design background, excellent ArchiCAD skills, SketchUp skills, and experience to help produce necessary design & construction documents as well as construction administration. Must be enthusiastic, energetic, have great communication skills and be professional. Applicants must be licensed in the State of Michigan. Let us know if you can add value to our team.

Please send resume & examples of work to Stephanie Baldwin.
