

Technical Architect (2-5 years)

The Collaborative is actively recruiting entry level technical architects for our Ann Arbor and Toledo offices. These Technical Architects, with 2 to 5 years' experience, will be responsible for a project's technical design effort, subsequent detailed design development, project coordination and quality control efforts during all phases of project work, all while in close collaboration with Design team. Attention to detail, a basic knowledge of building codes and ability to work in a team environment is very important.
