Re: **Career Opportunity**

The Think Shop Architects are expanding and are looking for those interested in a Draftsperson position, to join our team! We are open to receiving applications for those that fit the following criteria:

- Must have a thorough knowledge of AutoCAD (i.e., commands, snaps, line weights, etc.)
- Can easily read and understand architectural and construction documents, as well as build drawings and models based on on-site measurements and information provided by clients
- Tested on skills during interview
- -Can produce drawings i.e., floor plans, elevations, site plans, sections, details, etc.
- -Portfolio required at time of interview
