Edition 7.2

## Happy Monday! Or should I say "Rain, Rain go away?"

It's a rainy day at the Beaubien House but staff is busy with Mid Summer Conference registrations. If you are thinking about joining the other AIA members and the AGC at the Mid Summer Conference, think fast because rooms are filling up quickly! The deadline was July 7th but send your forms ASAP! Remember to check out the special Sunday offer from the Grand Hotel (see full details in the article below) and head to the [website](#) for the program and registration information.

It's also not too early to mark your calendar for the Design Retreat September 20-21 and the AIAMI Annual Meeting October 25th. Watch the website for future updates.

Speaking of the website ... Pardon our dust! We are making some changes to make the site more user friendly. All comments are welcome.

Did you see this great article in the Detroit Free Press about SmithGroupJJR? If you missed it check it out [here](#).

Have a great week. Don't forget to visit the Beaubien House if you are in Detroit.

Sincerely,

Cathy Mosley, Hon. Aff. AIAMI  
AIA Michigan Executive Director

## LTU AIAS: Grassroots Donations Needed!

*A message from the AIAS chapter at LTU:*

We are the American Institute of Architecture Students (AIAS) at Lawrence Technological University (LTU) and we are passionate about enhancing the college experience for architecture students. Our chapter's focus on the development of leadership programs helps connect students with the profession of architecture; empowering students to take control of their architectural education and give back to the community.

This year our chapter wants to send our students to the AIAS Grassroots Leadership Conference in Washington, D.C. This conference has been preparing future leaders in architecture for the past 28 years and we want to give all of our LTU AIAS members the opportunity to attend this important symposium.

The AIAS LTU chapter has been an independent student run organization for the past 33 years and has created a culture of collaboration, education, and professional career preparation. With your contribution you are helping the AIAS facilitate a community of active, dynamic students who want to get more out of our education than just a diploma-- we want to make a difference!

Any donation, big or small, will help us achieve our goals so click [here](#) if you are interested in donating. Thank you!
